

The principal aim of RE is to engage pupils in systematic enquiry into significant human questions which religion and worldviews address, so that pupils develop the understanding and skills needed to appreciate and appraise varied responses to these questions, as well as develop responses of their own.

The curriculum for RE aims to ensure that all pupils:

- **Know about and understand a range of religions and worldviews**
- **Express ideas and insights about the nature, significance and impact of religions and worldviews**
- **Gain and deploy the skills needed to engage seriously with religions and worldviews**
